PRODUCT DESCRIPTION

Unigloves Tray Filter Paper - Perfect Hygiene for dental use

For all dentists who appreciate safe and **hygienic** conditions in their work area, Unigloves **tray filter paper** is an indispensable product. The filter paper has been specially developed for dental needs.

The Unigloves Tray Filter Paper is made from high-quality cellulose and is characterized by its particularly **high absorbency**. It is perfectly suited for absorbing liquids such as saliva or blood, thereby prevents liquids from seeping onto the work surface. This keeps the **work area hygienic** and **clean**.

Convince yourself of the quality of the Unigloves tray filter paper.
